DECLARATION OF EMERGENCY
Department of Transportation and Development
Office of the Secretary

Wireless Telecommunications Permit (LAC 70:II.1509)

In accordance with the emergency provisions of the Administrative Procedure Act, R.S. 49:953.1, and pursuant to the authority set forth in R.S. 48:381.2, the Secretary of the Department of Transportation and Development declares an emergency to exist; and hereby adopts by emergency process the attached Rule relative to the adjustment of fees for cell tower permits.

The effects of COVID-19 continue to increase the need for Louisiana residents to work and attend school virtually; thus, necessitating expansion and maximization of broadband capacity and wireless communication in communities that are markedly lacking in these services. In addition to the continued need created by COVID-19, the passage of the Infrastructure Investment and Jobs Act ("IIJA") availed funds for future broadband infrastructure. As this infrastructure expands, small cell towers are the necessary last step to bring high speed internet to all Louisiana citizens, especially those located in rural areas.

The department will charge wireless communication companies permit fees, ranging from $1500 to $3500, as outlined in Subsection B of §1509 as amended, to erect a tower or a pole, or to use an existing pole. The wireless communication companies will be allowed to renew each of their annual permits based on the total number of installation facilities.

The department will charge installation fees and annual renewal fees for small wireless facilities, as outlined in Subsection C of §1509 as amended. The department will charge $270.00 for annual renewals for each of the small wireless facilities, regardless of location. The small wireless facility annual renewal rate will be subject to a cost reevaluation every three years.

The expediency of implementation will stimulate expansion of facilities across the state, especially in rural areas, at a lower cost to the communication carrier, while also increasing access to communication services to the entire state.

This Rule shall have the force and effect of law upon signature, and will remain in effect until the expiration of the maximum period allowed under the Administrative Procedure Act or the adoption of the final rule, whichever comes first.

Title 70
TRANSPORTATION AND DEVELOPMENT
Part II. Utilities
Chapter 15. DOTD Wireless Telecommunications Permit

§1509. Fees
A. Definitions for use in this Section.

Installation Facility—any tower or pole installed or utilized by a wireless telecommunications carrier for wireless audio and visual communications.

Self-Supporting Tower—a three or four sided lattice structure with self-supporting frame made from solid rod, pipe, or angle.

Monopole/Guyed Tower—tower that consists of one stem or one pole anchored to the ground and supported by a structurally designed foundation or guyed anchor system. The wires may be anchored to the top of the structure or to the ground.

Pole—column or post, constructed of wood or metal, supported by a simple concrete foundation up to 2 feet in diameter and/or with partial embedment.

Small Wireless Facility (SWF)—wireless communications facilities that meet each of the following conditions:

a. the facilities:
   i. are mounted on poles or other structures 50 feet or less in height including their antennas;
   ii. are mounted on poles or other structures no more than 10 percent taller than other adjacent poles or structures; or
   iii. do not extend existing poles or other structures on which they are located to a height of more than 50 feet or by more than 10 percent, whichever is greater;

b. each antenna associated with the deployment, excluding associated antenna equipment, is no more than 3 ft³ in volume;

c. all other wireless equipment associated with the pole or other structure, including the wireless equipment associated with the antenna and any pre-existing associated equipment on the pole or other structure, is no more than 28 ft³ in volume;

d. the facilities do not require antenna structure registration under C.F.R. Title 47, Chapter 1 Federal Communications Commission, Part 17;

e. the facilities are not located on Tribal lands, as defined under 36 C.F.R. 800.16(x); and

f. the facilities do not result in human exposure to radiofrequency radiation in excess of the applicable safety standards specified in 47 C.F.R. Section 1.1307(b).

Utility Pole—column or post used to support overhead power lines and various other public utilities, such as electrical cable, fiber optic cable, and related equipment such as transformers and streetlights.
B. The following fees shall apply to wireless telecommunications installations, except for small wireless facilities, placed within state highway rights-of-way.

D. All permit fees must be paid to the department by check or money order. The department will not accept cash.
E. All permits will be in force and effect for a period of one year from the date the permit was issued.
F. The department may waive fees in exchange for shared resources.
G. The department may waive fees for those permit applicants who erect facilities, attachments or cameras for the use of the department or other state agencies or political subdivisions to conduct departmental or state work.

DECLARATION OF EMERGENCY

Department of Wildlife and Fisheries
Wildlife and Fisheries Commission

Deer Carcass Export and Feeding Ban, Franklin, Madison and Tensas Parishes

In accordance with the emergency provisions of R.S. 49:953.1 and under the authority of R.S. 56:115 and 116, the Wildlife and Fisheries Commission and the secretary of the Department of Wildlife and Fisheries hereby adopt the following Emergency Rule.

On February 2, 2022, the Louisiana Animal Disease Diagnostic Laboratory at LSU detected Chronic Wasting Disease (CWD) in a sample submitted by the Louisiana Department of Wildlife and Fisheries (LDWF) from a hunter-harvested adult buck in Tensas Parish. A sample has been submitted to the National Veterinary Services Laboratory to confirm the result.

In response to receiving a preliminary positive CWD test result on a deer harvested in Louisiana, the Wildlife and Fisheries Commission took action on February 3, 2022 to direct LDWF to implement its CWD Management Plan to monitor and curb the spread of CWD in Louisiana.

Therefore, the export of any cervid carcass or part of a cervid carcass originating within Franklin, Madison, and Tensas Parishes is prohibited, except for: meat that is cut and wrapped; meat that has been boned out; quarters or other portions of meat with no part of the spinal column or head attached, antlers, clean skull plates with antlers, cleaned skulls without tissue attached, capes, tanned hides, finished taxidermy mounts and cleaned cervid teeth.

Beginning Monday, February 7, 2022, all supplemental feeding, including mineral or salt licks, is prohibited in Franklin, Madison and Tensas Parishes. The purpose of this feeding ban is to reduce the potential for the spread of CWD in Louisiana by reducing the risk of exposure when deer are concentrated around feeding sites. The use of approved bait not normally ingested by deer for feral hog trapping will still be allowed. All bait must be placed and contained within the trap itself. Backyard bird feeders are also exempt from this supplemental feeding prohibition.

This Declaration of Emergency shall become effective February 4, 2022, and will remain in effect for the maximum period allowed under the Administrative Procedure Act or until rescinded or modified by the Secretary. The Secretary of the Department of Wildlife and Fisheries is authorized to take any and all necessary steps on behalf of the Commission to promulgate and effectuate this Declaration of Emergency, and to modify, rescind, or extend it upon notification of the Chairman of the Wildlife and Fisheries Commission.

Jack Montoucet
Secretary
