

| Requesting Instructions for DOTD Bridge Standard Plans and Special Details | | |
|---|---------------------|--|
| <p>Definitions:</p> <ol style="list-style-type: none"> 1. Bridge Standard Plans are the plan drawings that are standardized for use on any applicable project, have been stamped by DOTD bridge design engineer of record and signed by the DOTD Chief Engineer. 2. Bridge Special Details are the special details stamped by DOTD bridge design engineer of record 3. DOTD Project - A project that has a DOTD project number. 4. Non-DOTD Project - A project that does not have a DOTD project number. <p>Distribution Policy:</p> <ol style="list-style-type: none"> 1. See the following table for the formats that DOTD Bridge Design will distribute and for the requesting instruction for each application. 2. PDF files without the watermark of "For Informational Purposes Only" will not be distributed 3. Vector files or CAD files will only be distributed for DOTD projects | | |
| Standard Plans/Special Details Format | Application | Requesting Policy |
| pdf files watermarked with "For Informational Purposes Only" | Public Access | The pdf files of the latest bridge standard plans and special details watermarked with "For Informational Purposes only" are published in LADOTD project-wise for public access. Please contact Mr. David Ringuette (David.Ringuette@la.gov) if you need access to LADOTD project-wise. |
| Raster Files (To be included in project plan set. No modifications on the details will be allowed) | DOTD project | Fill out the on-line request form at this link http://wwwapps.dotd.la.gov/engineering/bridge_design/spsd_request.aspx . This request should be made when 90% final plans are distributed. The pdf copies watermarked with "For Informational Purposes Only" should be used prior to issuing the final plan set. |
| | Non-DOTD project | Use this link to download "Public Records Form for Standard Plans and Special Details" and "Hold Harmless Agreement for Standard Plans and Special Details". http://wwwsp.dotd.la.gov/Inside_LaDOTD/Divisions/Engineering/Standard_Plans/pages/public_records.aspx . The forms shall be completed and submitted to the DOTD Plans Manager. |
| Vector Files (CAD files to be utilized for the project. Stamps will be deleted. For consultant projects, the savings by utilizing the standard details should be reflected in the man-hour estimate. The consultant assumes the full responsibility for the design and detail for the new sheet.) | DOTD project | Fill out the on-line request form at this link http://wwwapps.dotd.la.gov/engineering/bridge_design/spsd_request.aspx |
| Request to create new Bridge Standard Plans or Special Details | In-house staff only | Fill out the on-line request form at this link http://wwwapps.dotd.la.gov/engineering/bridge_design/spsd_request.aspx |
| Request to modify the existing Bridge Standard Plans or Special Details | In-house staff only | Fill out the on-line request form at this link http://wwwapps.dotd.la.gov/engineering/bridge_design/spsd_request.aspx |
| Historical Old Bridge Standards | In-house staff only | Access project-wise under \Standard Drawings\Private Access\Bridge\Historic Old Bridge Standards\ |
| Provide comments or ask questions about the bridge standard plans and special details | Public Access | Fill out the on-line request form at this link http://wwwapps.dotd.la.gov/engineering/bridge_design/SER_form.aspx |
