| Instructions to Proposers | Section 6.0 | <p>Revise as follows:</p> <p>6.0 PROPOSAL EVALUATIONS</p> <p>The Proposals must be submitted in two separate parts as per the ITP, the written Technical Proposal and the lump sum Price Proposal. Other than announcements made at the lump sum Price Proposal public opening, the information contained in the Proposal will not be disclosed to the public or any Proposer until after Contract execution.</p> <p>The written Technical Proposal will be evaluated on the pass/fail and technical factors identified in the ITP. The Technical Review Committee will determine the pass/fail status and final total technical score of each Proposal before the public opening of the lump sum Price Proposals. The Technical Review Committee will be assisted by evaluation teams for each of the pass/fail and technical evaluation factors, as well as subcommittees for each of the Technical Solutions evaluation subfactors. The evaluation teams and subcommittees will provide consensus scoring recommendations to the Technical Review Committee. In addition, a Price Evaluation Team will be established. The lowest adjusted score will be determined by the following formula:</p> <p>Adjusted Score = [(Price Proposal) + (Time Value)] ÷ Technical Score</p> <p>For purposes of the above formula: Price Proposal = the Lump Sum Proposal Price on Form SP of the Proposal Time Value = \$15,000 x (the number of days from NTP to Final Acceptance on Form SP of the Proposal) Technical Score = final total technical score determined by LA DOTD in accordance with Section 6.2</p> <p>The LA DOTD reserves the right to award a Contract, to reject any or all Proposals, or to advertise for new Proposals, if in the judgment of the LA DOTD the best interests of the public will be promoted</p> |

| Instructions to Proposers | Section 6.2.1 | <p>Revise 2nd paragraph as follows:</p> <p>The technical evaluation factors, subfactors, and the overall technical Proposal will be rated by consensus of the Technical Review Committee using a qualitative/descriptive (adjectival) method. The Technical Review Committee will be assisted by evaluation teams for the pass/fail and technical evaluation factors and subcommittees for the Technical Solutions technical evaluation subfactors that will provide pass/fail recommendations and recommended ratings for technical evaluation factors and subfactors. The following qualitative/descriptive ratings will be used in the rating of each technical evaluation factor and the rating of the overall technical Proposal, which will then be converted into a single final total technical score for the Technical Proposal.</p> |
