

## PREFACE

The first released of this manual, version 1.0, was dated July 2002. The current release, v 1.1, dated January 2009, was released to better organize the manual for posting on the DOTD website. It does include a number of minor changes and updates.

The manual is based on design standards and practices in use on that date.

Chapter 7, Grade Separations and Interchanges, is not included with this version of the manual nor are portions of Chapter 9. The missing chapters will be posted on the DOTD web site, as they are developed, as will future revisions and additions.

Although efforts have been made to ensure that the data are accurate and reliable, errors and omissions are possible. Users must be aware of these conditions and bear sole responsibility for the appropriate use of the information provided herein.
