Complete street – Roadways that are designed and operated to enable safe access and travel for all users, including pedestrians, bicyclists, motorists and transit users of all ages and abilities.

Complete Streets Steering Committee

Chaired by Deputy Chief Engineer

Internal to DOTD

Assignments:

- Review the Goals as modified by the Executive staff and develop SMART objectives
 - Review EDSM
 - Review Bike Map and determine how much of our state network already meets the needs indicated
 - Develop an implementation plan
 - Coordinate regularly with the Complete Street Advisory Council
- 

LADOTD Complete Street Goals

- Safely and efficiently accommodate all road users (motorists and non-motorists such as but not limited to pedestrians, transit users, bicyclists of all ages and abilities).
- Create a network that balances integration, context sensitivity, access and mobility for all road users.
- Provide leadership and establish exceptional partnerships with local public agencies on implementation of Louisiana's Complete Streets policy.

Design Guidelines

Will address the minimum design guidelines of complete streets
