FY 2023 CAPITAL CATEGORY B:							
Vehicle procurement is currently having substantial issues with supply. At the time of the 5311 application in April 2022, the status of the state FY 2022 vehicles is still pending and may prevent state FY 2023 contracts from being issued. The hope is that supply issues will be resolved and we will be able to amend this award or include the additional capital when the state applies for the FFY 2021 funding.

Please also see attached the FY 2019-2022 Transit TIP projects, which will replace the previous version in its entirety. The new amendments will support the regional TAM targets set by CRPC (MPO) in coordination with LADOTD and CATS. The percent of revenue vehicles and equipment that have met or exceeded their useful life will decrease there by making the operations more efficient. Timely processing by your office will be, as always, greatly appreciated. Please contact me if you have any questions or need additional information.

Sincerely,
