Codes for use with Superpave Roadway Report

Design Level Codes

Code	Design Level
1	1
2	2
3	3
A	A

Mix Type Codes

Code	Description
1	Incidental Paving
2	Wearing Course
3	Binder Course
4	Base Course

Mix Use Codes

Code	Description
01	WC Roadway
02	Patching Roadway
03	Leveling
04	Widening
05	WC Shoulder
06	Turnouts Roadway *(Full Thickness)*
07	Airport (*Surface Tol. Required)*
08	Misc. *(Including Driveways)*
09	Binder Roadway
10	Base Roadway
11	Binder Shoulder
12	Base Shoulder
13	Patching Shoulder
14	Joint Repair
15	Airport *(No Surface Tol.)*

Pavement Codes

Code	Description
01	Multi-lift new construction and overlays more than two lifts
02	One or two lift overlays over cold planed surfaces and two lift overlays
03	Single lift overlays over existing surfaces
04	Binder Courses
05	Shoulders, turnouts, Corssovers, Detour Roads, Parking Area and Roadway Sections Less than 500 feet (150m) in length
